PROJECTS

Portfolio Website (Self):

📅 2024

- I have created My portfolio website to show case my skills and education and contact information. It was an static website where I designed and developed the whole website design and then developed it using React Js.

Tours and Travels Management System

📅 2023

- The Tours and Travels Management System is a comprehensive web application designed to streamline the management of travel agencies, tour operators, and travel businesses. Built using the CodeIgniter framework,HTML, CSS, and Bootstrap this project offers a robust platform for managing various aspects of travel operations efficiently.
